IS MICROSOFT DYNAMICS 365 THE RIGHT SOLUTION for test?

Thank you for considering Microsoft Dynamics 365 and providing Braintree with the required information about test. This information provides you with a breakdown of the modules you require, plus high-level software licencing and project estimations.

ABOUT US

Braintree empowers organisations like yours to achieve greater success by reducing the complexity of modern business operations. We do this through the design, deployment, and support of technology-driven solutions and services built on Microsoft's cloud-based Dynamics 365 business applications, using our team of industry experts.

OUR APPROACH

With every client, we take an outcome-driven approach to ensure you get the best possible return from an investment in a solution built on Microsoft Dynamics 365 technologies. We will work alongside you to understand the problems and challenges that affect your everyday business operations before designing a solution that will meet all your needs. We will keep you updated with what we are doing and why we are doing, every step of the way.

IMPLEMENTATION COST ESTIMATE

The values below are an indication of the upper and lower cost estimates for the implementation of Microsoft Dynamics 365 Business Central software. These figures do not include the additional cost of the implementation of any third-party solutions.

Low

R630 000

R770 000

High
